FINALIZED FY 2008 DAS UTILITY RATES

**- Footnotes -
August 29, 2006**

¹ Utility rates are approved by the respective DAS Customer Council: I/3, Technology, HRE and GSE.

² ISO was added as a utility service after initial FY07 rates were approved in 2005. The FY08 amount is an estimate only; final rate will depend on level of participation by agencies that can opt out of this service (legislative, judicial, elected officials' offices).

³ For FY07 and FY08 one rate for space, regardless of type, was established; therefore separate storage rates were eliminated.

⁴ This rate was approved after FY07 rates initially were set in 2005. Initial FY07 rates for these fees were two separate rates for Office and Storage space (\$3.44 and \$2.50, respectively). \$3.425 is the universal rate for office & storage space combined for FY07.

⁵ Purchasing allocations are based upon the portion of FY08 budget supported by customer fees, using the same methodology as FY07.

⁶ Fleet depreciation will be billed in compliance with Federal OMB Circular A-87 requirements. Rates and charges are contingent on vehicle type and purchase date.

For more information about a particular utility or its rate, please contact the service provider. The service provider can be determined by going to <http://edas.iowa.gov> and searching for the utility in the "Search Services" box. Note: you do not have to be registered or logged in to search services.

For more information on the DAS Customer Councils please go to http://das.iowa.gov/customer_councils/index.html.
